

I avidly listen to K love fm radio station on 106.7 from my Floyd county home and at work in Roanoke. This station is a joy to listen too. It serves our Christian and non Christian communities alike by being positive and encouraging. The music does not encourage our youth to do drugs, have sex, or shoot anybody. The station provides a ministry to some areas that don't have one of their own. Please don't take our Klove away. Thanks, Adelle
